Her attendants will be three Porterville high school girls — Beverly Weisenberger, Susan Miller and Susan Shelton. Announcement of the queen selection was made Saturday night at a Coronation Ball in Porterville by Mesdames Clara Weatherford and Joyce Crafton, chairman of the

Roundup Queen committee. The queen received her crown from Porterville Mayor Bill Rodgers. (Continued On Page 10)

## ROUNDUP CONTESTANT LIST IS "WHO'S WHO" IN WORLD OF PROFESSIONAL COWBOYS

PORTERVILLE, Apr. 30 — The world champion all-around cowboy of 1963 — Dean Oliver, from Boise, Idaho, will head a contingent of more than 400 professional cowboys who will be competing in the 17th annual Porterville Roundup Friday and Saturday nights, 8 p.m., and Sunday afternoon, 1 p.m.

Oliver, who also won his sixth world championship calf roping title in 1963, will be pushed in this event by Porterville's own Bob Wiley, who last year finished second in national calf roping standings.

The Roundup, which will be filmed for national television release on the ABC program, Wide World of Sports, has drawn a list of contestants that reads like the "Who's Who" of the rodeo world.

Other 1963 world champions who will compete at Porterville are: Guy Weeks, of Abilene, Texas, saddle bronc; John Hawkins, of Twain Harte, bareback bronc; Bill Kornell, of Palm Springs, bull riding; and Les Hirdes, of Turlock, team roping.

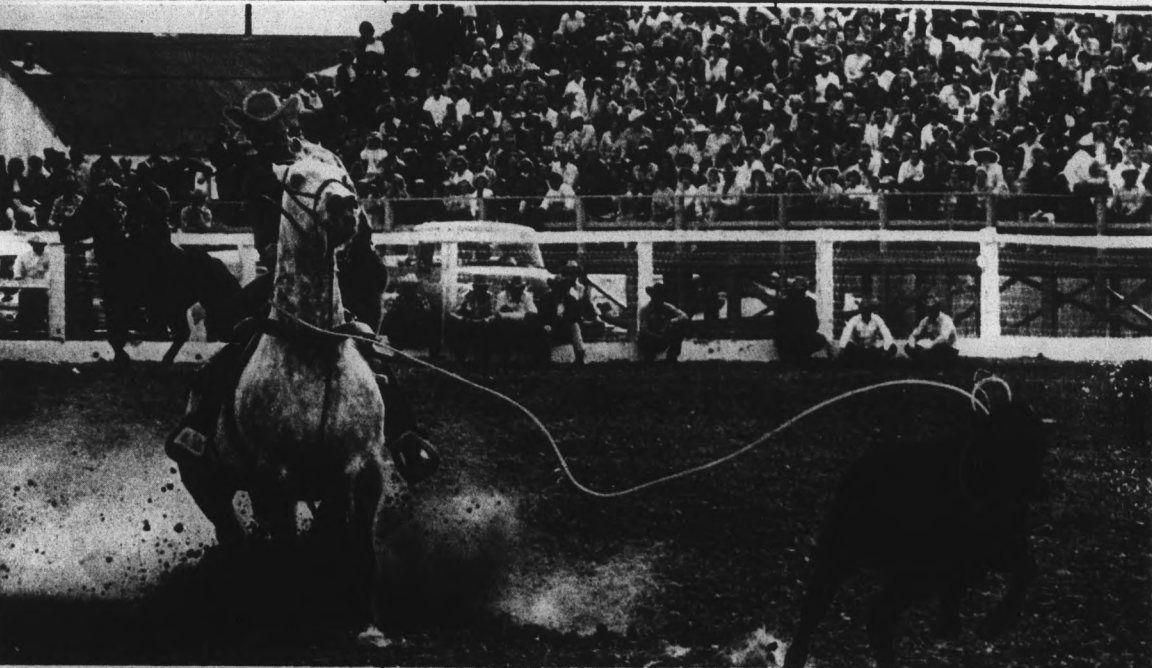

Virtually every cowboy who is currently rated among the top 15 in his specialty, has signed for the (Continued On Page 7)

## Little Chance To Get Farm Workers Out Of Texas, State Official Reports

FRESNO, Apr. 30 — A Texas employment official, addressing the annual meeting of the Agricultural Labor Bureau of the San Joaquin Valley in Fresno, held out little hope to California growers for getting a substantial labor supply from Texas to meet their pressing farm labor needs.

Henry LeBlanc, chief of the Farm Placement Department of the Texas Employment commission, told the growers that 91,000 workers left Texas last year for employment in 32 states. He said it is possible for California farmers to get some of this labor supply if they can provide family housing and employ family groups.

But both LeBlanc and Don Larin, the California Department of Employment’s deputy director for farm placement, pointed out that most farm labor housing available

in California is single-worker housing. LeBlanc said most Texas workers are already committed to go to employers in states other than California, but there are other workers who are committed only to an employer for one job and are looking for a second job. He said only 1,600 migrant workers from Texas were employed in California last year.

LeBlanc urged growers to place their orders through the California State Employment department and to place them early so that workers can be encouraged to come to California after their contracted period of employment is finished in another state.

He discouraged the direct recruitment by California employers through obtaining a license from the Texas State Commissioner of Labor. LeBlanc pointed out that

deposits, building activity, and retail sales are up compared to a year ago. Good citrus year after three not so good, is one factor influencing an optimistic business outlook.

Getting beyond the talking stages — creation of a downtown parking district in Porterville to provide more parking area, with property that benefits picking up the tab. Ramrod — Ben Cole.

New bank for Crocker-Citizen is coming along. The Main street site has run quite a historical cycle — from “swampland”, to lively stable, to theater, to bank. Al Hilton has things jumping at the new Porterville Museum. Remodeling of the old Southern Pacific depot is underway; a Recorder story about a mysterious telephone ringing in the building has brought state-wide publicity, along with a couple of writers who investigate items of a supernatural nature; John Daybell has pruned a couple of trees and cleaned up the yard . . . And Hilton says he knows why and how the telephone that isn’t there keeps ringing.

state and county recruiting fees can run to \$1,000 and more.

Larin said the Mexican national farm labor importation program, which ends this year, is a dead issue. He said the program has always been regarded by Congress as a temporary issue, and will not be revived.

Congressman B. F. Sisk of the 16th district said California growers face painful and trying times in adjusting to the end of the bracero program.

Sisk urged a coalition with growers in the north, northeast and midwest in support of legislation which can help California growers meet their farm labor problems.

He said the wages and working conditions in the south and southwest will make it difficult for California growers to work cooperatively with growers in those states in farm labor legislation.

And he pointed out that California farmers must have support from urban areas in order to obtain any needed legislation.

## NEW BOOKS OFFERED AT CITY LIBRARY

It’s all right to read Philip Stern’s **THE GREAT TREASURY RAID** now since April 15 has passed. If you had read it before Income Taxes are due, you might have been so infuriated you would have decided to go to jail rather than pay. The author states that tax loopholes are costing the government forty billion dollars a year; which means that those of us who can’t take advantage of such special treatment must pay for those who can. Some of the “loopholes” are: oil-depreciation deductions, expense accounts, capital gains, self-incorporation, and special, private tax-relief statutes . . . such as the one that allowed Louis B. Mayer to save two million dollars in taxes. This is a vastly informative survey of every aspect of individual taxation, and Mr. Stern has translated an intensely dry and complex subject into extremely readable form.

While Vance Packard may be little more than a lick and a promise sociologist, **THE NAKED SOCIETY** is a carefully documented book about the undermining of individual privacy by modern snooping methods. Many individuals, from school children and housewives to government and business

employees, are victimized by over-curious questionnaires, “bugged” telephones, concealed TV cameras (especially in department store try-on rooms), lie detectors, and exchanges of private information on file about individuals. The government is doing this; so are credit bureaus, ex-FBI men freelancing or organized in companies, and others who range from legitimate detectives to scandal mongers and practical jokers. Packard ends with what steps government should take against this invasion of privacy, and what we can do to protect ourselves.

**THE MIRACLE AHEAD**, by George Gallup, is an interesting, simply written argument for full utilization of man’s brain power. Gallup would see people educated by teaching them perception, concentration, decision-making, creativity, and organization, rather than by merely giving them drill work. While few of his suggestions are completely original, taken altogether they amount to a drastic revision of the present day system. He says we have scarcely seen the beginning of all we can accomplish, and his optimism is as infectious as it is sincere.

We have lots of that good Springville charcoal for barbecue fires or for recharging your still. This fine oak charcoal is made from only the best wood which has been aged the long natural way by mother nature herself. This is far superior to buffalo chips. It starts faster, burns more evenly, and can be purchased in economical forty pound bags.

If your outdoor kitchen lacks color or needs modernizing, we have the plants to improve it. Many tropical shrubs such as philodendron, aralia, flax, and tree ferns are at their best. These can be arranged with bedding begonias, salvia, or other colorful flowers for instant color.

For sunny areas of your yard, the roses are blooming well now. There is a complete selection of tree, bush, and floribunda types including some of old and most of the new. These are everblooming varieties, healthy, guaranteed to grow, and priced from a dollar seventy five up. See them in bloom anytime on "E" Street north of Olive.

Students have set a goal of between \$30,000 and \$40,000 to be used toward pool costs, estimated now at about \$100,000. Barbecue tickets are available at Ekman Jewelers, Jones Hardware and Williams Jewelers.

will tomorrow bring — or will there be a tomorrow?"

But the Christian need not be alarmed. Like Nathan Rothschild, he possesses secret information. He knows that the devil met his Waterloo at a place called Calvary. And because Christ defeated the devil, the Christian knows he too can defeat the Evil One.

The Christian may not know what tomorrow holds, but he knows Him who holds the tomorrows. Trusting God, he can say with Solomon, "The name of the Lord is a strong tower: the righteous runneth into it, and is safe."

In this era of stress and strain, of snapping nerves, we need the help of Him who said, "Let not your heart be troubled, neither let it be afraid", John 14:27. We can find God a tower of strength, a "Friend that sticketh closer than a brother," a hiding place in a world of turmoil and strife.

### CHRIS OWEN PRESIDENT OF STUDENT BODY

PORTERVILLE, Apr. 30 — Chris Owen has been elected student body president at Porterville high school for next year; vice president is Rick Colson; treasurer, Mary Choate, and secretary, Linda Loyd.

Yell leaders will be Steve Quiram, Mary Choate, Dan Lunsford, and Carol Ann Moore.

Song leaders will be Linda LaPresta, Janet Schwin, Pam Hastings, Elaine Coffman, Mary Jean Davidson, Linda Blackburn, and Deenie Hunt.

### Knowland To Speak At Dinner For Goldwater Funds

VISALIA, Apr. 30 — William F. Knowland, former U.S. Senator and publisher of the Oakland Tribune, will be the principal speaker at a fund-raising dinner for the Goldwater for President campaign, Thursday evening, May 14, at the Visalia Elks lodge.

Tickets for the event can be obtained in Porterville from Cyrille Faure and Charles McLaughlin, and at Tipton from Fred Miller. A reception is set for 7 p.m.; dinner will be served at 8 p.m. Tickets are selling for \$10.

Heading the Tulare county finance committee for the Goldwater campaign is Gus A. Gultert, of Exeter; dinner arrangements are being coordinated by Mrs. John Knapp, of Lindsay, assistant finance chairman.

Knowland is California chairman of the Goldwater for President organization; he also seeks election as one of the delegates from California to the Republican National convention.

### LET NEW ALFALFA GET ESTABLISHED

VISALIA, Apr. 30 — It is important not to cut the first crop of alfalfa hay before the plants are well established, says Farm Advisor Bill Sallee. Premature cutting is often detrimental to the stand and can be a costly mistake.

JUST THE best, that's all Mel Lambert is in the field of rodeo announcing, and it's Mel who will be calling the action at the Porterville Roundup, Friday and Saturday at 8 P.M. and Sunday at 1 P.M., in the Rocky Hill arena. The show will be filmed for national television on ABC's Wide World of Sports program.

VISALIA, Apr. 30 — Pre-bloom sprays of gibberellin on Thompson seedless in an effort to loosen the bunches has never given beneficial results. Fred Jensen, University of California farm advisor in Tulare County, says that gibberellin does accelerate the growth of the cluster but the untreated clusters catch up later.

## We Only Heard

BY BILL RODGERS

WE SORT of like this Miss Democrat contest that is now going on in the Assembly district. Seems as though the high school girls who are competing lower the boom on whoever they can to the tune of \$1.00 per ticket — and one Miss Democrat point. The girl who lowers the boom the most, and thereby earns the most points, becomes Miss Democrat and is given part of the total money all the girls earned. The rest of the money stays with the Democrats for, we assume, political purposes . . . Which means that after all the girls bring in the money, one of them gets part of it back, the Democrats get credit for giving a scholarship with money that the girls earned, and there's something left for the good of the party . . . What we like about the deal is that maybe the girls who are competing will begin to get the idea that when the Democrats profess to do something for you they are quite likely doing something to you . . . But would you believe it! The Republicans are going to have a Miss Republican contest . . . Great Balls of Fire!

All we need now is a contest for Miss Decline To State.

IF VOLUME of press releases is the guide, George McLain is running hard for the Democrat nomination for U.S. Senator. And he has the answers to unemployment, poverty, and general prosperity — retire folks earlier and pay 'em more . . . But we can't go along with George; he's too conservative. Retire folks even earlier than that and pay them even more than that, and we'll all be belly deep in prosperity.

WE JUST can't help wondering about the men around town who are announcing their support of Pierre Salinger for U.S. Senate by wearing those cute, cute little

## LIFE MEMBERS OF CSF ARE HONORED

PORTERVILLE, Apr. 30 — Life members of the California Scholastic Federation at Porterville high school were honored last week at a dinner, served at the Paul Bunyan.

Advisor Earl Smith announced that Bonnie Brinkman, Pat Cone, Bruce Donaldson, Annette Gubler, Janice Harmon, and Travis Howell are permanent members of the state-wide organization.

Diane Kuhlman, Kathie Landgraf, Sharon Rey, Richard Marshall, Vicki Roby, and Ron Taylor were also declared life members at the chicken-fish dinner.

Possible sealbearers include Barbara Alexander, Leslie Andrews, Barbara Cornell, Gary Daudistel, Lynda Keen, Cassandra Ledbetter, Debrah Pearson, Sue Prewitt, and Margaret Vaznaian.

Mac Jenkins, the Countrymen and Debrah Pearson entertained the 36 California Scholarship Federation members attending.

pins that say, "P.S. I Love You."

BUT ENOUGH of this. It's Roundup time in Porterville — big time Roundup time, what with the show this year being telecast by ABC on the Wide World of Sports. So git yerself aboard a pony and journey out to the Rocky Hill arena around 8 p.m. on Friday and Saturday and 1 p.m. on Sunday, and see what you ken see, which will be the world's best professional cowboys really goin' at it . . . And for a buck admission. Imagine that. One dollar to see a World Championship show like this. Plus only 50 cents for students, and kids under 10, if their parents pack 'em along. git in for free.

About one-fourth of all the apples in the United States come from two and a half million trees in the state of Washington.

**KATIE CUNNINGHAM**, Porterville high school senior, is a candidate for the title of Miss Democrat of the 35th Assembly district. She is president of the Porterville High School Democrat club, an honor student, a member of the Panther band, the Latin club and the Porterville Folk Music society, and has been in the 4-H program for seven years. She plans to continue school at Davis, majoring in animal husbandry. The Miss Democrat title is determined on a basis of ticket sales, with the winning girl receiving half the amount of ticket sales money in the form of a scholarship.

Cable cars were first tested in San Francisco in August of 1873.

JOHNNY HAWKINS, 1963 world bareback bronc champion, who will be riding in the 17th annual Porterville Roundup, Friday and Saturday nights and Sunday afternoon at the Rocky

## State Scene

By CLEM WHITAKER, JR.

The line between exuberant lunacy and violation of the law is sufficiently broad that youngsters who have been admitted to college should be able to recognize the difference.

Phrased differently, illegal civil rights demonstrations are a far cry from swallowing gold fish for kicks.

Last week two important legislative leaders, Senate President Pro-Tempore Hugh Burns, Democrat of Fresno, and Assemblyman Don Mulford, Republican from Oakland, took strong issue with what Burns termed "the risk in continuing lawless action."

### Crackdown on Students

Burns declared: "The university should teach students that under our Democratic form of government everyone has legal recourses for real or fancied grievances. Rioting and violence are not among them. Every student who participates in these shows of force should be denied the source of tax-supported institutions such as the University of California."

Acting separately, Mulford directed a letter to Governor Edmund G. Brown as president of the University of California Board of Regents asking the University's ruling body to "establish procedures to examine the right to continue as an undergraduate, a graduate student or teacher with two or more arrests for violations of the penal code."

In his letter to the Governor, who also has deplored illegal sit-ins and shop-ins, Mulford pointed out that statistics of the San Francisco police show that 107 U.C. students and one professor have been arrested for illegal demonstrations. Fifteen have been arrested twice or more. Forty-five San Francisco State College

students have been arrested.

### Schooling a Privilege

Mulford added, "attending the University is a privilege—not a right. With a ceiling of 27,500 students now established at Berkeley, there can be no room for those who repeatedly violate the law."

The problem, as Burns and Mulford make clear, is that it is obviously not enough to chide the kids who view joining a picket line in the same light as an afternoon of waterbagging at a men's dorm. If students persist in violating the law they are going to have to learn that in the adult world there are penalties for lawbreaking which must be paid.

Until those in authority have the political courage to stand up and make penalties apply to adults and youngsters alike, the business of joining a picket line for a weekend outing will con-

## ROUNDUP LIST

Porterville Roundup, including such performers as: Marty Wood, Kenny McLean, Bill Martinelli, Enoch Walker, Duane Bruce, and Shawn Davis in saddle bronc competition; Jim Houston, Bob Eldson, Jim Mihalek, Doug Thurman, Bob Brown, Andy Miliate, and Clyde Frost, bareback bronc.

R. Boucher, Harry Charters, Wilbur Plaughter, Dewey Dunaway, Sherman Sullins, Billy Hale, and Linus Thornton, steer wrestling; and Mel Potter, Bill Hamilton, Jerry Hopper, Jerome English, Gene Ray Ward, Cliff Whitley, Billy and Fred Darnell, and Buddy McEuen, team roping.

The professional cowboys will be competing against the famous Christensen Brothers rodeo stock for world championship points, and a share of the \$13,900 purse, with entry fees added, that will total approximately \$30,000.

Announcing the show will be Mel Lambert; clowns and bull fighters will be Bill Lane and Jess Williams; Porterville's all-girl drill team, the Canterbells, will ride their precision drill as an arena feature; a wild cow milking contest is also set as a special arena event, and on Friday and Saturday only, there will be local team roping.

Official events of the Roundup include saddle and bareback bronc riding, bull riding, steer wrestling, team roping, calf roping and women's barrel race. Six television cameras will record the show for release at 5 p.m., Saturday, May 9, on ABC's Wide World of Sports national television network.

Queen of the Roundup is Mary Ann Foell; her attendants are Susan Shelton, Beverly Weisenberger, and Suzan Miller. Benefitting from the event will be the Porterville Sheltered Workshop.

Cantaloup acreage in the state this spring is estimated at 6,000 acres.

—and the valid aspirations of those sincerely concerned with equality of job opportunity will suffer.

With Western week now underway in Porterville, business houses and their personnel will be judged today, Thursday, for western motif, also western art work done by Porterville high school students on store windows.

Judges will be a group of visiting world champion professional cowboys who have signed for Roundup competition.

A colorful western parade will move through the Porterville business district at 2 p.m., on Saturday; featuring riders, riding groups, bands, and horse-drawn vehicles.

Leading the parade with Grand Marshal Otto Bastian will be the Porterville High School Panther band, which will also play for the Sunday show; Tote Gote Reserve deputy's unit will patrol the parade route and the Roundup grounds; Boy Scouts will park cars and rent seat cushions; Porterville

National Guard honor squad will raise the colors prior to the Sunday show; food and drink concessions will be in operation on the grounds.

The Roundup is sponsored by the Orange Belt Saddle club. Admission is a "bargain price" of \$1.00 for adults; 50 cents for students, and children under 10 with parents, free.

## POST OFFICE SERVICE ADJUSTMENTS TO BECOME EFFECTIVE NEXT MONDAY

PORTERVILLE, Apr. 30 — The limited adjustments in some postal services ordered in Washington March 10 by Postmaster General John A. Gronouski to save \$12.7 million will begin to take effect in Porterville, and other cities, May 4, Postmaster John W. Baker said this week.

Service changes planned locally include the following, Baker said:

1. Parcel Post deliveries: Delivery of parcel post to business firms and homes receiving mail delivery by foot carriers will be on a five-day basis. Regular deliveries

will be made on Mondays, Wednesdays, Thursdays, Fridays, and Saturdays. There will be no delivery of parcel post, except for Special Delivery parcels, on Tuesdays or Sundays. Parcel post will continue to be delivered each delivery day on rural routes, mounted routes, and star routes.

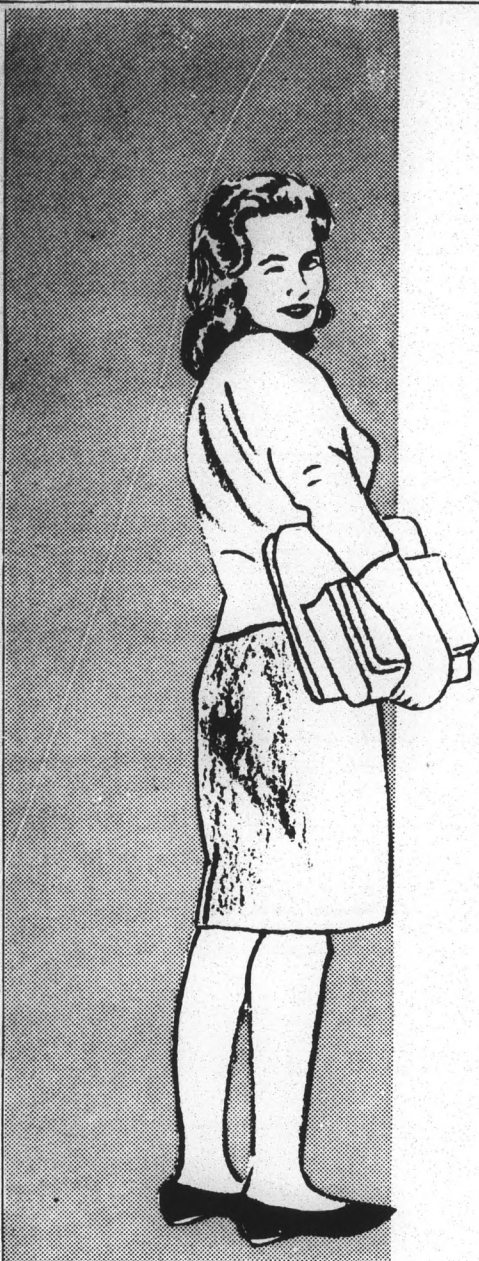

2. Window services: On Saturday mornings only one consolidated stamp and parcel post window will be open at each post office, station and branch. General Delivery service will be provided at the combination stamp and par-

cel post window but no other service will be provided. Money orders will not be issued and rural and star route carriers will not accept money order applications on Saturdays. Miscellaneous services such as postage meter settings, trust funds deposits, box rent collections, etc., will not be provided. This adjustment in window services applies at all post offices and customers of the Strathmore, Springville, California Hot Springs, Terral Bella, and Ducor post offices, as well as those of the Porterville post office and its stations and branch — Woodville, Poplar, and East Porterville — will be affected. All customers are urged

to transact all their postal business on weekdays, if possible, and to make maximum use of the stamp vending machine in the lobby of the Porterville post office.

The Postmaster emphasized that no essential major services are affected under the orders. There will be no change in home delivery or special delivery, for example. Regular business mail deliveries will continue as usual. Letters and other first-class mail will be handled with the same priority as ever.

Harvest of fall-planted sugar beets is underway in the Imperial and Coachella valleys.

## Mary Ann Foell

(Continued From Page 1)

Miss Foell is the daughter of Mr. and Mrs. R. E. Foell, Sr., of Luceine Valley, California. Since June of 1963 she has lived at the Paul and Eva Morris ranch, near California Hot Springs, where she trains and shows horses in the Morris Quarter Horse string.

She was an honor student at Victor Valley Senior High School; she attended California State Polytechnic college at Pomona, majoring in agricultural business management and animal science, and trained and rode the famous Kellogg Arabian horses.

Raised on a ranch, she was active in the 4-H club program, carrying a number of livestock projects. She has competed in junior rodeos throughout California and for three years held the Girls' Breakaway Roping championship; her record of 5.0 seconds, set in 1961, still stands.

Being queen is not new to her, since she held this title at the San Bernardino County fair, the Victorville Elks rodeo, and the Intercollegiate Rodeo Finals at the Great Western in Los Angeles.

During the past four summers she has competed in the RCA Women's Barrel races at a number of rodeos.

## Mildew May Be Found On Alfalfa

VISALIA, Apr. 30—New stands of alfalfa showing light green and yellow leaves at this time are probably infested with downy mildew. Where mildew is present, the underside of the leaves will have a grayish, felt-like fungus growth, says Farm Advisor Bill Sallee. Soon after infection, the leaves turn yellow. The advanced stages turn red or purple and often fall from the plant.

Mildew may inhibit growth to some extent, and may kill a few plants in severe cases. However, it seldom causes much damage since it disappears with warmer temperatures. The variety, Moapa, is quite susceptible to mildew.

In 1907 the New York state legislature introduced a bill to provide that no one should construct an automobile capable of speeds greater than 20 miles an hour.
